* It is possible your billing month and the swimming month won't match. The billing month will be based on the calendar; the swimming month will be 4 weeks of a 12 week season. Due to holidays or breaks in some seasons, they may span more than 3 months. You will never need to pay for more than 3 months of any 12-week season, regardless of the calendar. (i.e. 3 payments x 4 weeks = 12 week payment)

** You can pay monthly under services also but it won't associate your payment to a time period. This is probably ok if you join in the last month of a season or if you just want to "try us out" before committing. If you want to pay monthly and have the system remind you when the next month is due, please choose "Contracts."
